

# A family tutoring benefit your working parents will actually use.

Personally matched tutoring, test prep, and executive functions coaching for employees' children, plus ESL lessons, college and scholarship application help, and professional development for staff.

## WHY IT MATTERS

When a child is struggling in school, a parent carries it into work. A trusted tutoring benefit supports retention, focus, and return-to-work goals for working parents.

## START WITH A PILOT

- A short call about your goals and families
- A pilot for one group of employees, for one term
- A review of uptake and satisfaction, then expand what works

## WHERE

In person in Chicago, Dallas, Fort Worth, Houston, Austin, San Antonio, and their suburbs, and online for employees anywhere.

## BENEFIT OPTIONS

- Subsidized hours each year per employee family
- Preferred access: priority matching on employee-paid terms
- ESL and professional-skills lessons for staff
- Parent workshops on study skills, college prep, and AI in school

## SIMPLE FOR HR

- One point of contact and simple enrollment
- Private: family details stay between WorldWise and the family
- Quarterly utilization reports

## PRICING

Per-employee or pooled-hour pricing, scoped to your program.

## GIVING THAT COUNTS TWICE

Every benefit session funds free tutoring through Educate. Radiate. Elevate., a 501(c)(3) (EIN 85-3926290). Add it to your gift-matching program, sponsor students near your offices (about \$1,000 per term), and include the impact in CSR and ESG reports.

**"I was relieved knowing that my son's tutor was there to help him keep his grades up, prepare for the ACT and SAT, and complete college applications - which alleviated a lot of stress for me and his father."**
