

Summer Enrichment Online Courses with

All of our lives have been disrupted due to COVID-19. WorldWise Tutoring hopes to provide a positive escape via learning. We would like to offer students the opportunity to focus on what they *were* able to do with their free time during the pandemic.

Potential benefits of enrolling your child in WorldWise Tutoring's Summer Enrichment Courses:

- Allows your child to explore personal topics of interest in a structured way
- Allows your child to deep dive into new skills, stepping outside of his/her comfort zone without the looming fear of failure
- Fosters your child's creativity, free of judgment
- Engages and motivates your child to enjoy learning again, facilitating his/her personal growth and self-confidence
- Reinforces independence and empowerment in your child through meaningful homework and projects that your child can be proud of
- Covers unique content not often taught in school
- Provides your child with much needed social interaction
- Helps improve your child's communication techniques to use in peer, parent, and teacher relationships
- Provides your child with opportunities to learn how to collaborate more effectively
- Offers the opportunity for your child to network with others who have similar interests, perhaps forming new long-term friendships
- Helps your child's resume/application to stand out
- Helps prevent "summer learning loss" by keeping your child's mind active without feeling drained by intense content
- Gives you some guilt-free time to yourself!

The following pages provide descriptions of the 40 Summer Enrichment Courses we are offering. Some things to keep in mind:

Materials Needed: *In addition to a device with internet, this is what the student will need that is not included in the Total Cost. Please let us know if you need help finding any materials.*

Schedule: *This is the time spent with the instructor during online lessons. The students will also have relevant assignments and a final project to complete independently between sessions for which they may message the instructor brief, direct questions as needed. For each 1 hour of live instruction, a student can expect 1-3 hours of independent work). *Any classes scheduled on Friday, Saturday, or Sunday will take 7/2, 7/3, or 7/4 off. **NOTE: All times are CST***

Suggested Ages: *These are merely suggestions based on the content covered. You know your child and what he/she is capable of. For each course, students will be divided into smaller groups based on age and skill. There will be a maximum of 8 students per class.*
